

SUPPLEMENTARY MATERIAL

Different bat detectors and processing software... Same results?

Santiago Perea, Elena Tena

Table 1 - Richness and number of bat passes and noise files per detector in each park.

Urban park	Date	Sampling stations (n)	Area (ha)	EM3 Richness	EMT Richness	SM2 Richness	EM3 bat passes	EMT bat passes	SM2 bat passes	EM3 noise files	EMT noise files	SM2 noise files
La Habana	23/07/2017	1	0.22	1	1	1	2	16	7	11	60	18
Valparaíso	23/07/2017	1	0.33	0	0	0	0	0	0	21	102	5
